Brando Footy Plans

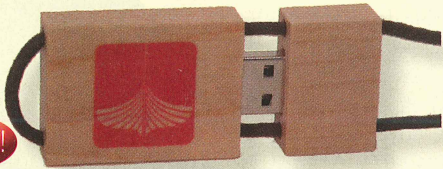

The "Footy" class is a model racing class, for boats which fit within a 12" x 6" box (see full specs on our Site). We think you'll find this design completely irresistible. Created by naval architect Flavio Faloci of Genova, Italy, Brando includes 15 pages of plans, and detailed building instructions, and complies with Footy class rules for RC use.

WoodenBoat: The Complete Collection

All issues of *WoodenBoat* magazine are now on a single USB flash (thumb, jump, stick whatever you want to call it) drive. The "stick" (yes, wood incased) is less than 3" long, and includes individual PDFs of each issue reproduced true to the original. Plus you'll get the up-to-date *WoodenBoat* Index. And it all fits on this totally slick 8 gigabyte drive which plugs into a USB port in your computer (most computers... even the older models have a couple of built-in USB ports).
 #202-002 Ship Wt. 1/2 lb **\$145.00.**
